

INDEX OF NEW MILLS PROBATE DOCUMENTS
1540 – 1650

edited by
P. J. Andrew and R. M. Bryant
May 1991

Introduction

From the probate calendars at Lichfield Joint Record Office, Audrey Lee, assisted by Rowena Clarke and Shirley McKenna, compiled a list of probate documents relating to the parish of Glossop. Their index was later published by the Derbyshire Family History Society. This index enabled me to identify the 108 sets of documents relating to New Mills for the period 1540—1650 and to obtain photocopies of these from Lichfield JRO on behalf of New Mills Local History Society.

Members of a WEA evening class transcribed these documents and produced summary sheets showing the place-names and personal names occurring on each document. From this information an index to the New Mills documents was compiled by the late Dr Peter Andrew and myself in 1991. Now, nearly 20 years later, present-day technology makes it possible to share the index with all those who might find it useful.

The 108 sets of New Mills probate documents are listed in the **List of Documents** below, arranged by date with the name of the deceased person as given in the calendars at Lichfield. (Note that a date like 11 Feb 1579/80 means 11 Feb 1580 according to the modern calendar, but this would have been called 11 Feb 1579 in the 16th century because the calendar then ran from March 25th to March 24th.) We have given each set of documents a reference number such as 1580.2 for the second set in the year 1580: this is **not** a reference number that will be recognised at the Lichfield Joint Record Office. The **List of Documents** will enable the reader to get the relevant details of the documents from the reference number so that the documents may be consulted at Lichfield if desired.

Photocopies, transcripts and summary sheets of all 108 sets of documents are held by New Mills Local History Society and transcripts of 50 of these have been published by the Society in its New Mills Probate Transcription Series. The relevant volumes are as follows.

1. "Wills and Inventories of New Mills People, Book One, 1540—1571" edited by Roger Bryant, Audrey Lee and Eileen Miller, April 1995.
2. "Wills and Inventories of New Mills People, Book Two, 1571—1582" edited by Roger Bryant, Audrey Lee and Eileen Miller, April 1995.
3. "Wills and Inventories of New Mills People, Book Three, 1586—1607" edited by Audrey Lee and Eileen Miller, no date [1998].

After the **List of Documents** there is an **Index of Place Names** and then an **Index of Personal Names**. In the place names index we have excluded the parish churches and chapels of Glossop, Taxal, Disley, Mellor and Hayfield because these are mentioned so frequently. Names have been put into modern spellings wherever possible. In the index of personal names we have listed all people named in the documents but spelling has again been modernised. Where there are different people with the same name mentioned in the same document these people have been numbered 1, 2, etc. (In cases of doubt this has not been done.) The following abbreviations indicate the type of probate document.

W = will
N = inventory
T = other type of document

The accuracy of the index rests on the work of a large number of people. Although a considerable amount of checking has taken place, there will probably be a few errors. I hope that these will not detract too much from the usefulness of the index.
